MM Docket No. 93-278 ✓

In the Matter of

Amendment of Section 73.202(b), RM-8344
Table of Allotments,
FM Broadcast Stations.
(Pequot Lakes, Minnesota)

NOTICE OF PROPOSED RULE MAKING

Adopted: October 29, 1993; Released: November 17, 1993

Comment Date: January 10, 1994
Reply Comment Date: January 25, 1994

By the Assistant Chief, Allocations Branch:

1. Before the Commission for consideration is a petition for rule making filed by Minnesota Christian Broadcasters, Inc. ("petitioner"), seeking the allotment of Channel 261A to Pequot Lakes, Minnesota, as that community's second FM broadcast service.¹ Petitioner submitted information in support of the proposal and stated its intention to file an application for Channel 261A if the channel is allotted to Pequot Lakes.²

2. We believe petitioner's proposal warrants consideration. Channel 261A can be allotted to Pequot Lakes, Minnesota, in compliance with the minimum distance separation requirements of the Commission's Rules without a site restriction.³ We do note, however, that grant of a final license for Channel 261A at Pequot Lakes may be withheld until Station KTIG, Channel 261A, is licensed on Channel 274C2.⁴ Since Pequot Lakes is located within 320 kilometers (200 miles) of the U.S.-Canadian border, concurrence of the Canadian government will be obtained for this allotment.

3. In view of the fact that the proposed allotment would provide a second local FM broadcast service to Pequot Lakes, Minnesota, the Commission believes it would serve the public interest to propose amending the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

¹ Petitioner is the licensee of Station KTIG, Channel 274C2, Pequot Lakes. The license for Station KTIG was modified in MM Docket 92-102 to specify operation on Channel 274C2 in lieu of Channel 261A. See 7 FCC Rcd 6215 (1992).

² The Commission adopted new local ownership rules based on market size and audience share which enables petitioner to file an application for Channel 261A at Pequot Lakes, if allotted. For stations in markets with fewer than 15 radio stations, a single licensee will be permitted to own up to three stations, no more than two of which are in the same service, provided that the owned stations represent less than 50 percent of the stations in the market. See *Revision of Radio Rules and Policies*, Memo-

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before **January 10, 1994**, and reply comments on or before **January 25, 1994**, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner's counsel, as follows:

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See *Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules*, 46 FR 11549, February 9, 1981.

7. For further information concerning this proceeding, contact Kathleen Scheuerle, Mass Media Bureau, (202) 634-6530. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an

random Opinion and Order and Further Notice of Proposed Rule Making, 7 FCC Rcd 6387 (1992). Petitioner did not provide information showing it is eligible to acquire a second station at Pequot Lakes, and is therefore requested to do so in its comments.

³ The coordinates for Channel 261A at Pequot Lakes are 46-36-11 and 94-18-33.

⁴ Petitioner was granted a construction permit (BPH-921215IG) for Channel 274C2 at Pequot Lakes on May 25, 1993, which expires on November 25, 1994, at coordinates 46-40-48 and 94-25-02.

ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in this proceeding.
